MEASURE. LEAD. SUCCEED

MEASURE DATA DRIVEN DECISIONS

Measure data to make data driven decisions.

ACCIDENT REDUCTION

49%

FUEL SAVED

22%

PRODUCTIVITY

18%

Results will vary by fleet and technology implemented.

ROI

SUCCEED FINANCIAL GAINS

By changing behavior, you can change your financial position.

1 ROI UNDER 90 DAYS!

Most fleets will experience an ROI on the investment of equipment and service quickly with strong leadership.

2 BEST IN CLASS

Best in class fleets will save an average of \$2,500 per year, per vehicle.

3 INSURANCE

Many insurance companies provide a discount for dashcams and safety programs. Shop insurance companies to find the right fit.

4 PROFITABILITY

Two major expenses (drivers and vehicles) are unsupervised 95% of the day. Invest in tools systems to make a positive change.

SOLUTIONS

INTRODUCTION TO OUR PRODUCTS

Fleetistics offers a wide variety of fleet solutions from custom integration, to affordable basic GPS tracking and Mobile Apps. Fleetistics recognizes not every system or price point meets every customer's needs so a variety of solutions is available.

GPS & Telematics

Dashcams

APIs & Integration

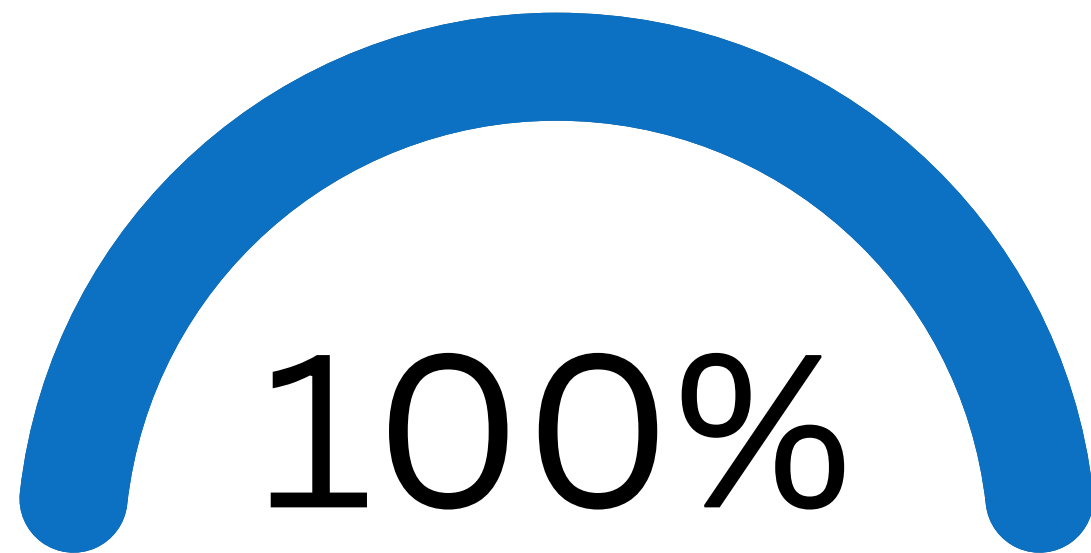

Mobile

TELEMATICS

PRODUCT EFFECTIVENESS

Partnered with industry leading companies like Geotab for telematics, ELD, diagnostics, and over 300 integrations to related services.

PRODUCT EFFECTIVENESS

DASHCAMS

AFFORDABLE SOLUTIONS

Traditional dashcams, DMS, ADAS, and an innovative first of it's kind Insurance Program

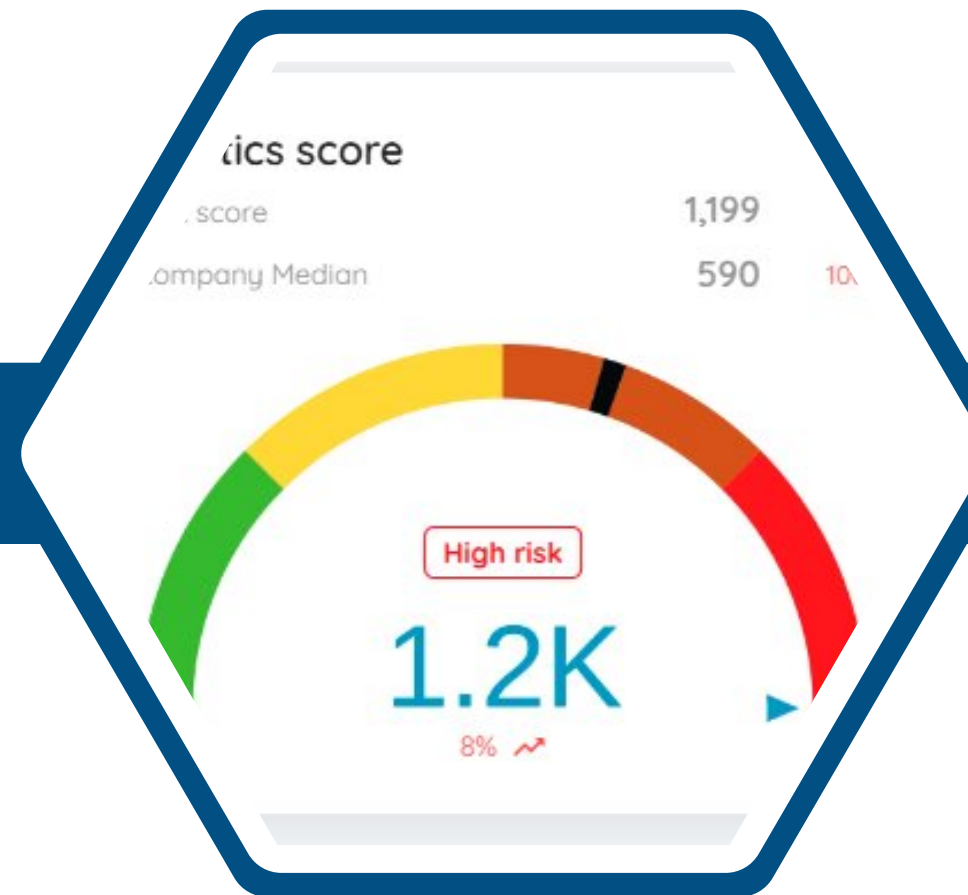

CREWCHIEF

ROSCO

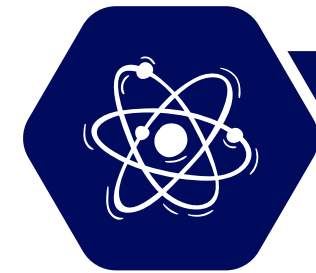

INTEGRATION DATA INSIGHTS

Get more from the data you have by integrating it or create new data sets for new fleet insights. Fleetistics can combine data from most IoT devices or feed it to you via API.

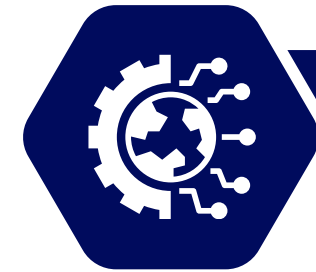

MOBILE APP CREWCHIEF

The CrewChief mobile app is the connection between field workers and the office. Data collection and sharing improves processing time, decision making, safety, and customer satisfaction.

DRIVER ID

Automatically assign a driver to a trip regardless of the truck or car driven.

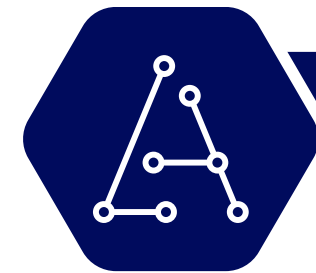

LONE WORKER

Stay connected to workers in high-risk situations with a “panic button” alerting company personnel.

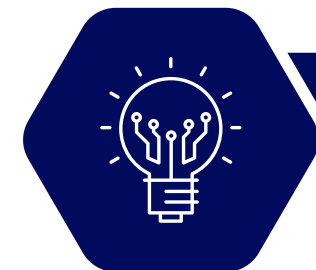

WEATHER RADAR

Monitor dangerous weather in the app and web portal with current and predictive radar.

ACCIDENT REPORT

Standardize reporting and instantly share critical details with management and risk for a rapid efficient response.

DVIR

Inspect vehicles for damage and safety to reduce unplanned downtime and keep your brand looking good on the road.

CONCLUSION

Our first mission is customer service. Fast, friendly and familiar. Get to know the people that support you at Fleetistics and avoid a national call center with high turnover.
